

Thuraya XT

SAT PHONE COMPARISON

Thuraya XT is the **most reliable** satellite phone available. It is the **lightest** and **smallest** phone of its kind, and compact enough to slip into your pocket. Even with the antenna retracted you're able to receive incoming calls. It also features a unique **walk-and-talk** functionality enabling complete mobility and directional flexibility when using the phone. Additionally the Thuraya XT offers the **fastest data speed** of any satellite handheld phone in the market.

We believe that communication should be constant, so as you can see, we've made it as easy as possible for you to stay in touch.
